Serious power, uncompromising class

POWERFUL PC PERFORMANCE

Intel® Core™ 2 Duo P8400 processor (2.26GHz[1]) with Intel® Centrino® 2 processor technology.

The VAIO® SR notebook comes pre-installed with Genuine Microsoft® Windows Vista® Home Premium 64-bit.

Thin, lightweight and durable glossy pink magnesium alloy chassis weighs just over 4 pounds[7] (with standard battery).

Built-in Wireless-N technology offers a boost in wireless connection speed and range[3].

Store your important documents, business presentations and corporate projects on the roomy 320GB[2] Serial ATA hard disk drive.

SERIOUS SECURITY

A built-in biometric fingerprint scanner makes authentication and secure access quick and easy – you only need your fingerprint.

G-Sensor™ Shock Protection technology will lock up your hard disk drive to secure its position and help protect the disk from scratching.

"SWITCH" YOUR PERSPECTIVE

Separate your business workspace from your personal workspace. VAIO® Switch mode is a set of buttons above the keyboard that lets you set three distinct usage "personalities", or modes, to your SR notebook.

The VAIO® SR notebook features an innovative keyboard design with keys that are individually raised above a solid, one-piece piano-black bezel layer providing a quieter keyboard and more durable panel.

Editing digital video and digital images is quick and easy with VAIO® Movie Story software. You choose the supplied template and professional-looking cutaways, cross-fades and soundtrack syncing are automatically done for you.

The powerful, portable and durable VAIO® SR notebook features a magnesium alloy casing, Intel® Centrino® 2 processor technology, long battery life and a 13.3"[6] LED backlit widescreen display with XBRITE-ECO™ LCD technology. Customize your SR notebook with completely different on-screen "personalities" for home, work and play using the ingenious new "Switch" mode.
